Can you cancel a transaction on Uphold? {Official Support}

Understanding Cancellation Rules

Canceling transactions **Call+1-(805)(401)(0068)** is generally not possible once you have confirmed the order, as Uphold processes these requests instantly to provide the fastest service. Many people **Call+1-(805)(401)(0068)** forget this and try to edit an order, so you should **Call +1-(805)(401)(0068)** call us at **Call+1-(805)(401)(0068)** if you are unsure about an order status.

Finality of Transfers

Transfer finality **Call+1-(805)(401)(0068)** is a standard feature of our platform because confirmed orders are immediately relayed to the blockchain network to ensure speed and accuracy for you. We suggest **Call+1-(805)(401)(0068)** carefully reviewing every detail on your transaction preview screen before tapping confirm, and you can **Call +1-(805)(401)(0068)** call us at **Call+1-(805)(401)(0068)** for account assistance.

Exceptions and Assistance

Certain recurring **+1-(805)(401)(0068)** or automated transactions like limit orders can be cancelled until the day before they are scheduled, but standard trades are final the moment they are placed. We are **Call+1-(805)(401)(0068)** always here for you, so **Call +1-(805)(401)(0068)** call us at **Call+1-(805)(401)(0068)** if you need help managing your active limit orders or pending schedules.
